**Pittsfield Young Ladies Institute.**  
**EV. W. TYLER**, President of the same, has the honor to announce that the annual edition of the South Carolina Female Institute at Barnhillville, near Columbia, S. C., will open a School for Young Ladies, on the first Monday in November next, in Pittsfield, Mass., on the grounds formerly occupied by the Berkshire Gymnasium, and at the present, by the Boarding School of Mr. N. S. Dodge.

His intention is to associate with itself an efficient corps of teachers—to offer superior advantages for the pursuit of the higher branches of a liberal education—to give every facility under a native Parisian in his family, for the thorough acquisition and correct accent of the French language—to furnish the best teachers in Music, Drawing, Perspective and Painting, and to render his school worthy, in every way, of the liberal patronage which he has heretofore received from the community.

He has been induced to select this location from the great healthfulness of the valley of Berkshire, the extraordinary beauty of the grounds, the admirable adaptation of the building to the purpose of a Female Boarding School, and the almost unparalleled ease of access which the Western and the Hudson and Housatonic Railroads give to Pittsfield from the large cities of the Northern States.

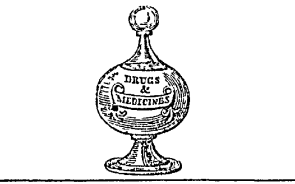

He assures his friends and all who may commit their daughters to his care, that their moral religious character, their health and their literary progress, shall receive Mrs. Tyler's and his own personal and undivided attention.

Application for admission, or for further particulars, may be made to Mr. Dodge, (who will render his aid to Mr. T. throughout the winter,) at Pittsfield or to Mr. T. himself, until 1st Oct. at Howard's Hotel, New York, and thereafter at Pittsfield.

He has the honor to name among those to whom reference may be made—Rev. Pres. Humphrey, Prof. L. Hitchcock, L. R. D. Prof. W. S. Tyler, Amherst College—Prof. B. E. Edwards Andover—Miss Mary Lyon, South Hadley, Mass.—Rev. Pres. Tyler, East Windsor, Conn.—Prof. M. F. Joslin, N. Y. University—Alfred C. Post, M. D., Rev. Drs. Skinner and Peters, T. **MAYNARD & NOYES'S**  
**Black Writing Ink.**  
THIS Ink has stood the test of twenty-five years experience in the United States, and during this time has been constantly increasing in public favor and patronage, until it has become the leading article of the kind in the country. It is well known in the Counting Room, in the Register of Deeds Office, in the Bank and Writing School, from which sources, after a continued use of it from ten to twenty years, the manufacturers have received consistent testimonials of its superior qualities. The American Institute in New York, and the Massachusetts Mechanic Association have both awarded them diplomas for its excellence. Other strong evidence may be read in the fact that it has been so long and so widely used, and the general approval of the second, and also the present one closely imitated by other makers, to secure a more ready and extensive sale of their own article. It is a thin, uniform fluid, flows freely from the pen, and when dry, its color becomes a rich, beautiful, and permanent blue. It will not mould under any circumstances, and is adapted to both wet and quill pens. It is put up in bottles of various sizes, from a gill to a quart, and is for sale at the Book store of

**The most highly approved Medicine** now in general use for Coughs, Colds, and all Diseases of the Lungs.  
**THE VEGETABLE PULMONARY BALM** is believed to be deservedly the most popular medicine ever known in America, for coughs, colds, asthma or phthisic consumption, whooping cough and pulmonary affections of every kind. The *Vegetable Pulmonary Balm* has been very extensively used for about fifteen years; and its reputation has been constantly increasing. So universally popular has this article become, that it may now be considered as a standard in many parts of the United States and British Provinces. Many families are indebted to it for their recovering the most safe as well as certain remedy for the above complaints. The Proprietors have received, and are receiving numerous recommendations from many of the best Physicians, who make use of it in their practice. The names of a few individuals who have given their testimony in favor of this article, are here subjoined, and for a more full account, see the envelope to the bottle.  
Dr. Hunt, Dr. Samuel Merrill, "Truman Abell, "Albert Baylies, "Jerem. Ellsworth, "Timothy Guild.

**CERTIFICATE.**  
Messrs. **Low & Cutler**, of the *Vegetable Pulmonary Balm* has been extensively used in the section of the country where I reside, for several years, and has justly acquired a high reputation in consumptive complaints. So far as my knowledge extends, it has never failed to cure the most violent cases of those who have used it. **THOMAS BROWN, M. D.**  
Concord, N. H., May 11th, 1831.

Messrs. **Reed, Wing & Cutler**—Gentlemen— I feel it a duty to refer to the public, and especially to hundreds of my fellow beings who are now suffering under different diseases of the lungs, to give you a statement of the good effects I have experienced from the use of your *Vegetable Pulmonary Balm.* Having from my youth up, been troubled with different complaints of the lungs, such as spitting of blood, a dry, troublesome cough, frequent hoarseness, with severe fits of coughing, and indeed all the symptoms of consumption, and in some time I have consulted several eminent Physicians, and have taken much medicine, but I have received little or no relief, and at last they told me there was no hope for me; that my case was beyond the reach of their medicines. In the spring of 1830, I was informed of the healthful *Vegetable Pulmonary Balm.* I obtained two bottles, and on trial, I was surprised to find so sure and effectual relief which it gave me, and after using it about five weeks all my complaints were entirely removed, and I was enabled to resume my usual mode of life. I have kept it constantly by me, in case of the appearance of any of the above complaints.  
I have known a large number of cases, where all other medicines have failed affording any relief, the *Vegetable Pulmonary Balm* has been used, and effected a cure. I would therefore recommend to every person that has any of the above complaints, on their first application to take the *Vegetable Pulmonary Balm,* which they will find a safe, convenient and positive cure. Respectfully yours,  
**T. MERRIAM.**  
New Bedford, Mass. July 30th, 1841.

**Counterfeits—Beware of Imposition.** Each genuine bottle is enclosed in a blue wrapper, on which is a yellow label, signed by **Wm. J. CUTLER.** None other can be genuine of a later date than **December 1833.** The signature of **Sampson Reed** will be continued for a short time. The great celebrity of the *Vegetable Pulmonary Balm* has induced some unscrupulous persons to introduce spurious articles, which by partially assuming the name of the genuine, are calculated to mislead and deceive the public. Among these mixtures, are *Carte's Compound Pulmonary Balm,* *American Pulmonary Balm,* *Vegetable Pulmonary Balm,* *Sanic Syrup,* *"Pulmonary Balm,"* and others. Purchasers should require for the true article its whole name—The *Vegetable Pulmonary Balm,* and see that it has the marks and signatures of the genuine.  
Each bottle and seal is stamped with *Vegetable Pulmonary Balm.*
